## Proficiency Goal

## Scenario 1

You and a friend were touring Machu Picchu in Perú and once returning to Lima on the tour bus, all the altitude changes and the fact that you didn't drink enough water catches up with you. As you get off the bus, you pass out, hitting your head on the way down. The doctor immediately starts asking you questions about yourself to see if you have a concussion or not. Your answers to the questions will determine the level of head injury you have.

The doctor asks you to provide the following information:

- Your name and age
- Where you are from
- The date and time
- Your birthday
- And your phone number

You want to get back to your vacation quickly so to impress the doctor add any other information about yourself.
